Faizan Ali

Full Stack Software Engineer

faizanalyhh@gmail.com | +92-3095590082| https://www.linkedin.com/in/faizan-ali-3b3b15219/

PROFESSIONAL SUMMARY

Computer Science graduate and aspiring Full Stack Software Engineer with hands-on experience building web applications using Python, Django, HTML, CSS, SQL, and Git. Experienced in developing CRUD-based applications, integrating APIs, working with databases, debugging application issues, and using version control with feature branches and GitHub. Also bring a foundation in cloud and data engineering, with a strong interest in building reliable, user-focused software from frontend to backend.

EDUCATION

Capital University of Science & Technology **Islamabad, Pakistan**

B.S. in Computer Science *Graduation, Sep 2024*

- **Concentrations:** Full Stack Software Engineer, Data Engineering, Business Intelligence Developer
- **Related Coursework:** Data Structures & Algorithms, Computer Organization & Assembly Programming, Machine Learning, Artificial Intelligence, Object-Oriented Programming, Statistics

EXPERIENCE

CyberX Studio | Digital Marketing Agency **Islamabad, Pakistan**

Intern *Aug 2023 – Sep 2023*

During my internship at CyberX Studio, I gained valuable experience in various aspects of web development and office organization. My journey was marked by diverse learning opportunities and collaboration with experts from different fields, which contributed significantly to my overall growth as a developer. I have experienced the following areas

- Worked on front-end development using HTML, CSS, JavaScript.
- Collaborated with SEO specialists, content writers, and graphic designers.
- Gained insights into SEO, content strategy, and design integration.
- Enhanced office organization and team collaboration skills.

PROJECTS

Django Blog Application

Full Stack Web Application

- Built a Django-based blog application with CRUD functionality, database models, comments, authentication, and dynamic templates.
- Implemented Django ORM, migrations, forms, CSRF protection, validation, and template-based frontend rendering.
- Used Git and GitHub with feature branches, commits, merges, and structured development workflow.
- Debugged database, routing, template, authentication, and form-related issues during development.

Django Weather Application

Full Stack Web Application

- Developed a weather application using Python and Django with integration of an external weather API.
- Implemented API requests, city-based weather search, error handling, and dynamic results.
- Worked with HTML, CSS, Django templates, and backend logic to create an end-to-end web application.

Secure Sphere - **AI-Powered Home Security System**

Final Year Project

- Developed a smart home security solution integrating Face Detection & Logging to track visitors.
- Implemented Intruder Detection to instantly alert homeowners of unauthorized access.
- Utilized computer vision and real-time notifications to enhance home security.

ACTIVITIES AND LEADERSHIP

Rahma Islamic Relief **Islamabad, Pakistan**

Volunteer *Feb 2024 – March 2024*

- I volunteered to support teachers, conducted career counseling, and provided teacher training.
- Motivated students and guided them on career paths and future opportunities.
- Assisted teachers in community mobilization, encouraging girls' education and school admissions.
- Contributed to community mobilization and educational initiatives.

SKILLS

Programming: Python, C++, SQL, HTML, CSS
Databases: PostgreSQL, MySQL, MongoDB

Tools: Git, GitHub, Visual Studio Code, PyCharm, Docker, AWS, Databricks, Tableau

CERTIFICATES

- Specialization certificate of data engineering (Coursera)
- Tableau A-Z: Hands-On Tableau Training for Data Science
- Crash Course on Python (Coursera)
- The Complete Python Bootcamp from Zero to Hero in Python (Udemy)
- SQL Basic certificate (Hacker rank)
- C++Programming beginning to beyond (Udemy)
- Amazon Trading (Cust)
- Microsoft Excel Mania Training
- Service Learning and Community Engagement as part of the George Washington Pre-College program WDC (USA)
